iR2000
Multifunctional Digital Systems

Go digital - and benefit from
affordable, versatile performance

- 16 ppm output (iR1600)
- 20 ppm output (iR2000)
- Fully featured digital copying
- Network printing capability
- Professional image quality

- Compact and reliable design
- Up to A3 paper handling
- Easy and efficient operation
- Extensive paper supply
- Built-in finishing options

*Add on Canon's network printing capability to increase productivity*

Enabling efficient solutions

Benefit from a compact, cost-effective digital copier that delivers both quality and productivity. Select the entry-level iR1600 for smaller workgroups - or the more powerful iR2000 for higher volume output. Either way you profit from a flexible, modular design that allows easy configuration to suit your exact needs, including a network printing capability. You can even take advantage of Canon's smart solutions that provide powerful applications for workflow management and full document accounting. Protecting your investment as your business grows.
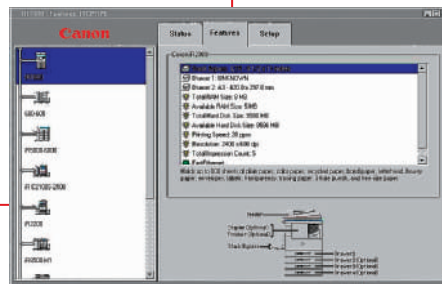

Enhancing image quality

Both digital systems offer a high 1200 x 600 dpi resolution, to deliver consistently high image quality for text and images. Include the network printing option and the resolution rises to 2400 x 600 dpi, with AIR smoothing technology. Optional PCL printing is also available to maximize printing output, providing a truly professional finish.

*Enhance workgroup efficiency
via the Remote User Interface*

*Simplify systems management
with Canon's NetSpot® Suite*

Productive accessories

Innovative and space-saving finishing options include a built-in finisher offering full sorting and stapling functions. Or select an inner 2-way tray that separates out copies and prints. An ADF (Automatic Document Feeder) handles all originals smoothly. Plus the standard paper supply can be supplemented by up to three additional 250-sheet cassettes.

Integrated ease

A clear, intuitive control panel ensures effortless operation at all times. The network printing option includes a Remote UI (User Interface) for workgroups - delivering seamless handling of all print jobs direct from the desktop. A 10 GB hard disk can also be added to provide storage and spooling facilities for network printing, improving printing efficiency.

Solutions to save time and money

Digital versatility lets you share departmental printing resources far more efficiently - with extended solutions such as clustering and redirection. So now you can handle peak workgroup printing demand smoothly, saving time and increasing reliability. While full document accounting enables effective cost control and optimum allocation of all resources.

Specifications **iR1600 / iR2000**

Type	Desktop type
Copying System	Laser dry electrostatic transfer system
Platen	Fixed
Originals	Paper sheet, books and three-dimensional objects up to 2 Kg
Maximum Original Size	A3
Copy Sizes	A6-A3
Scanning Resolution	
Printing Resolution	1,200 x 600 dpi (Copy)
	2,400 x 600 dpi (PDL Print)
Zoom	50%-200% (1% increments)
Speed	16 / 20 (A4)
FCOT	8.2 sec. Approx.
Warm-up Time	30 sec. or less
Multiple Copies	1-99
Dimensions (W x D x H)	615 x 631 x 560 mm iR1600
	615 x 631 x 645 mm iR2000
Weight	38 Kg iR 1600
	43.4 Kg iR2000
Power Consumption	940 W or less
Paper	64 to 90 g/m≈
Input Capacity	250 sheets x 1 iR1600
	250 sheets x 2 iR2000,
	Bypass capacity 100 sheets
Paper Options	
Optional Cassettes	Up to 250 x 2 iR2000
	Up to 250 x 3 iR1600
	Finisher, 2 Way Inner Tray, ADF
Image Memory	16MB standard
	Up to 48 MB (optional)

PRINTING (OPTIONAL)

Processor	Power PC405 200Mhz RISC Processor
RAM	8 MB (Up to 72 MB)
PDL	PCL5e / PCL6
Resolution	600 x 600 dpi, 256 Tones (up 2,400 x 600 dpi with AIR)
Printing Speed	16 ppm / 20 ppm
Paper Size	up to A3
Hard Disk	10 GB (Optional)
Network Connectivity	USB, Parallel, Ethernet (10/100BaseTX) (Optional)
Network Protocol	TCP/IP (LPD/LPR), IPX/SPX (Pserver/NDS/Rprinter/Nprinter),
Supported OS	Windows® 95/98/NT4.0/2000/ME/XP
	Solaris 1.1x, 2.5 or later

OPTIONAL ACCESSORIES — ADF, Finisher, Inner 2 Way Tray, 32MB Memory Expansion, Card Reader, Cassette (1 tray), 2 tray iR 2000 only, 3 tray iR1600 only, Pedestal, Printer Board, Ethernet Network Interface adapter, Hard Disk, Flash ROM Module
